

Dear Sir/Madam

FIRST ROTARY NATIONAL MATHEMATICS OLYMPIAD 2016
4 June 2016

We wish to sincerely thank you for allowing your school to participate in the First Rotary National Mathematics Olympiad 2016, which was held on 4 June 2016 at the University of Mauritius.

We wish to present you our heartiest congratulations to *Azhar BHUHEEKHAN* for being the First Runner Up.

We have the pleasure to inform you that 72 high schools and colleges participated in the Competition, which assembled 210 Form VI students from all the regions of the island, under one roof.

The Winners of the two competitions are:

Individual Contest Winner: Matthieu Fabien Wen Leung CHAN CHEE, Sir Abdul Raman Osman SSS, Phoenix

Second Runner Up: Damordaran GOPAULEN, MGSS Moka

Team Contest First Prize: SAINTE MARIE COLLEGE
Second Prize: DR MAURICE CURE STATE COLLEGE
Third Prize: LORETO COLLEGE QUATRE BORNES

The Competition was a meeting place of the brightest minds of Mauritius and children accompanied by the teachers created a dynamic environment. We sincerely hope that your students had a creative and pleasant day among their peers from 72 schools.

We have the pleasure to inform you that the National Mathematics Olympiad will be an Annual Event. We strongly recommend that you start preparations for the next edition from this year only. We shall soon be sending you the Question Papers for this year, together with the answers.

We look forward to seeing your school again next year.

We take this opportunity to wish your students Best of luck for the coming examinations.

Regards

Dev Chamroo
